

# Root Cutters

**Rioned**  
Setting the standard

***Cut any obstinate obstructions with ease***

- Powerful hydraulic cutter
- High quality cutting knives
- Angular teeth at front and rear
- Exchangeable knives and skids
- Reliable and user-friendly

# Root Cutters

**Rioned hydraulic root cutters are the answer for problems with roots, hard grease, compacted sand, soil or other solid obstructions in drains and sewers from Ø 100 mm – 350 mm. The Rioned Maxi Hydraulic root cutter goes up to drains and sewers of Ø 500 mm.**

## Powerful and reliable

The Rioned hydraulic root cutters are characterised by their power, reliability and simple operation. They are very effective.

The Rioned Maxi hydraulic root cutter is specially developed for high pressure jetting machines and combination units with larger water flows and hose connections.

## Knives of hardened steel

All root cutters come as a complete set in a transport box. The cutting knives have angular teeth at front and rear for effective cutting results, while jetting both forward and backward. The knives of the standard hydraulic root cutter are made of special hardened steel.

## Equipment for all root cutters

The Rioned root cutter standard equipment:

- Standard cutting knives
- Standard skids
- Transport box
- Grease/water nipple
- Mounting set
- Grease gun

## Optional for the hydraulic root cutter

- Extra knives
- Extra skids
